CLOSET AT THE TOUCH OF A BUTTON.  
THE REMOTE-CONTROLLED MECHANISM  
GIVES YOU COMPLETE CONTROL OVER ITS  
EVERY FEATURE THAT UNLOCKS A NEW  
LEVEL OF EXCELLENCE, LUXURY AND  
MAGNIFICENCE.

## AUTOMATIC OPENING & CLOSING SEAT

The Smart Toilet has sensors that sense when you approach and leave, making the seat cover open and shut respectively.

---

## WELL LIT

The closet is lit from the inside, making it a very useful feature for night vision.

---

## LCD SCREEN FOR SMART DISPLAY

Everything you need to know about the Smart Toilet, you can have it displayed on its smart LCD screen display.

## **FOOT SENSOR FLUSHING**

The foot sensor recognizes when you are done and flushes automatically.

---

## **FRONT AND REAR CLEANING**

The smart closet takes care of cleanliness and hygiene with its front and rear wash feature.

---

## **WATER TEMPERATURE ADJUSTMENT**

This feature available in the bidet, allows you to control the water temperature as per your comfort.

## REMOTE OPERATION

The Smart Toilet's features are all controllable with a remote, so that you never have to get up.

## WATER PRESSURE ADJUSTMENT

With this smart feature you can control the water pressure of the bidet as per your comfort.

## TOILET SEAT TEMPERATURE ADJUSTMENT

This feature is as smart as it gets and allows you to have the toilet seat made as warm or cool as you like.

## **POWER JET SIPHONIC FLUSHING**

A unique feature of the Smart Closet that makes sure everything is flushed out in one go and nothing is left behind.

---

## **DRYING WITH WIND TEMPERATURE ADJUSTMENT**

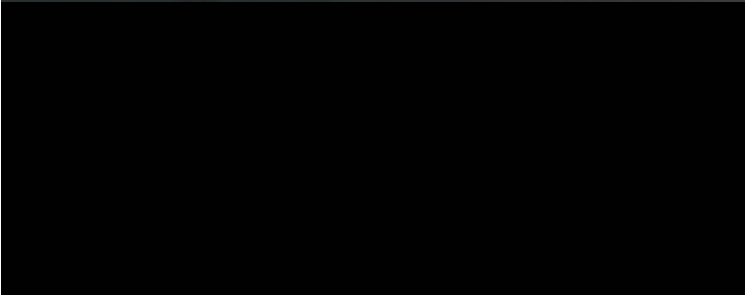

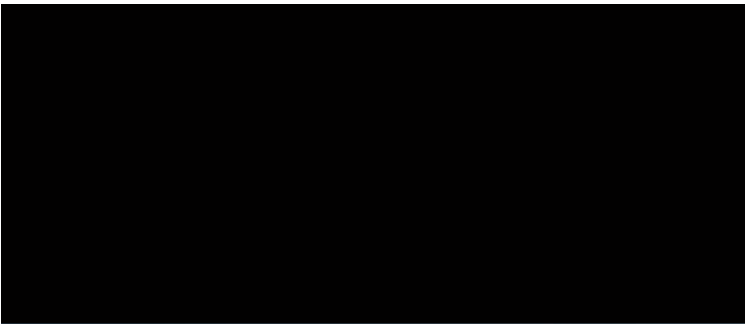

The air vents fitted in the Smart Closet allow you to adjust air temperature as per your comfort and make sure they dry you up nicely.
